Product Details

- Revolving Torso Adapters adjust harness fit with ease and speed and lock webbing into place to maintain a comfortable and safe harness fit
- Integrated easy-link SRL adapter lets you quickly and easily connect and disconnect personal SRLs
- Auto-locking quick connect buckles secure contact with webbing, reducing the need to readjust
- Automatic stand-up D-ring (lightweight aluminium) enables efficient dorsal connections
- Low-profile suspension trauma strap design integrated between harness webbing
- Equipped with auto-resetting lanyard keepers for fast and easy parking of snap hooks and carabiners
- 3M Connected Safety ID (RFID) integrated for simplified inventory, inspection, and record management

The 3M DBI-SALA ExoFit X300 is designed for those who refuse to compromise. The X300 harnesses are outfitted with high-quality components that have been developed to enhance the safety, convenience and performance for working at height on your job site. The X300 comfort harness is built with polyester webbing, robust nylon/polyester hybrid comfort padding with reflective 3M Scotchlite panels, and lightweight aluminium hardware. New technology in the Dorsal D-ring area helps workers make efficient connections and maintain a safe harness fit. Locking torso adjustment and quick-connect buckle options are available to optimise fit and worker experience.
