

3M DBI-SALA Sealed-Blok Self-Retracting Lifeline, 9.00 m, SS cable

Model : 3400805

Product Details

- Pivoting Anchorage Loop
- Sealed Design (meets IP68 rating)
- 9m of 5mm stainless steel cable lifeline
- 2,267Kg Rated handle
- Impact Indicator
- Tripod / Davit Arm Bracket Option
- Retrieval Winch (optional)
- Anchorage karabiner
- 1633kg Gate
- FAST-Line lifeline assembly

Sealed-Blok SRL

These Sealed Blok self retracting lifelines (SRL's) incorporate a patented concept that separates all dynamic components, including the motor spring and brake, from foreign elements such as grease, moisture and dirt. You can always trust your SRL to work at peak efficiency without worrying about the environment you're working in. Our sealed SRLs are backed by decades of proven field service for absolute confidence, safety and reliability. An SRL's lifeline will extend as the user moves away, and retract automatically enabling the user to move about within a recommended working area at normal speeds. Should a fall occur, a speed sensing brake system will activate stopping the fall and reducing the forces imposed on the user to safe levels.

Specifications	
Anchor Connection Type	Carabiner
Anchor Material	Stainless Steel
Brands	Sealed-Blok
Connected Safety ID Equipped	No
Harness Connection Type	Snap Hook
Housing Material	Aluminum & Stainless Steel
Housing Type	None
Lifeline Hook Material	Stainless Steel
Lifeline Length (Metric)	9.144 m
Lifeline Material	Stainless Steel Cable
Manufacturing Origin	USA
Mounting Type	None
Product Series	Sealed-Blok™
Product Type	Self-Retracting Lifeline
Recommended Industry	General Industrial, Mining, Oil & Gas, Utilities, Wind Energy
Specifications Met	CE EN 360
Weight (metric)	9 kg
